### **In-House Hospice Names Fuller to Newly Created Education Position and Congratulates Bodenbach on Appointment**

**(Southfield, MI) Oct. 28, 2009**—In-House Hospice (IHH) announced today that Volunteer Coordinator Maureen Bodenbach was appointed President of the Michigan Hospice Volunteer Coordinators Association and Laura Fuller as its Director of Consumer Education, a newly created position.

"As one of the largest hospice providers in Michigan and Ohio, In-House Hospice invests in training our staff who are directly responsible for providing quality care to our patients and their families," said President and CEO Laura A. Wagner. "State law requires that five percent of hospice's total direct care hours are volunteer hours. Volunteer Coordinators, such as Maureen, are responsible for ensuring that this requirement is fulfilled on a yearly basis," she added.

Bodenbach works in the IHH Howell Team Site and resides in Northville, MI. She has been with the company for four years and was previously the Vice President of MHVCA.

"As the Director of Consumer Education, Laura will set up and manage accredited educational offerings for In-House's external partners and the greater healthcare community in Michigan and Ohio," added Wagner.

Fuller is a Certified Meeting Professional and was previously with the Health Care Association of Michigan (HCAM) where she was the Director of Education & Convention. She currently resides in Eaton Rapids, MI.

For more information about In-House Hospice, visit [www.in-househospice.com](http://www.in-househospice.com) or call 800.311.5365.

*In-House Hospice is one of the leading hospice providers in Michigan and Ohio serving over 500 patients every day. In-House Hospice's mission is to provide the highest level of quality care to its patients and was selected by The Detroit Free Press as one of the Top Work Places of 2008 for its management team and its commitment to providing one of the best working environments in the state. Headquartered in Southfield, Michigan, it has experienced double-digit growth over the last 10 years and serves patients and their families in more than 44 counties in Michigan and Ohio.*
